Welcome from School Leadership

Welcome to Joy To The World Primary School! Since 1989, we have focused on providing a Christ-centered foundation for lifelong learning. We work with families to develop character, curiosity, and prepare children for academic, social, and spiritual success. Our passionate educators nurture each child's unique talents and promote compassion and responsibility. We offer various programs encouraging exploration, from hands-on science to arts and music. We foster a supportive community where every child is valued and empowered to reach their full potential. Join us in this journey of growth and discovery!

Our Story

Joy To The World Primary School, founded in 1989 by Drs. Christy and Rohini Knight, is rooted in the belief that knowing God is the start of wisdom. The school emphasizes a Christian ethos, teaching children to honor God, respect others, and serve their community. The founders aimed to create an environment where children thrive academically while developing faith and character. The school has evolved to meet community needs while remaining dedicated to Christ-centered education.
